

Backyard Bird Survey

The survey form for filling in the field is on the second page

[Bird guide for birds in town](#)

If you are a Hebrew speaker enter the details from your form into [the link](#)
If you don't read Hebrew- send the form via email to shlomitlif@gmail.com
Or send it by mail to: Shlomit Lipschitz, 10 Hazohar st. Herzeliya 4640536 **Israel**

PERFORMING THE COUNT

Dates of survey: from 26th of January to 10th of February 2018.

Where will the survey be performed: a garden or park near your house

Preferable counting hours: morning from 07:00 to 10:00. (These are the hours when birds are busy looking for food after the night's sleep, and observing them is relatively easy).

Count duration: 10 minutes:

Counting method: silently sit or stand in one place and write down the number of birds that you see or hear around you.

When birds are in large numbers and keep moving throughout the area (i.e. large flocks of sparrows or finches) – count the largest number of birds you see during the 15 minutes.

Surveyed area:

The radius of the surveyed area will not exceed 100 meters.

Surveyed height above ground as high as you see

You can sample each area few times and it suggested that you will also count in other areas also

Fill a separate form for every survey.

* If you identify a bird not mentioned on the survey form, add it in the empty square.

A form to fill in the survey is in the next page

Name: _____ Tel No./Mobile _____

E-mail _____

Address of place of survey: _____

Date: _____ Hour of survey: _____
